

FRACTURE CARE BILLING NOTICE

Federal law mandates that fracture care be billed differently from typical office visits. There is one larger service charge that will be billed at your first visit. All other visits for the next 90 days are free except for x-rays and casting (the office visits are all covered in the first service charge).

We follow these government billing rules.

If you do not return for follow up visits, please realize that you have paid for these in advance.
